**G2 Risk Solutions**

Unified workflow

Get one solution to onboard, monitor, audit, and reunderwrite merchants

G2 Risk Solutions (G2RS) gives you end-to-end coverage for managing the risk you take on when merchants apply to use your services. From our newly enhanced Global Onboarding app to our merchant monitoring and transaction laundering detection capabilities, gain confidence and agility when scaling up your merchant acquisitions—all in a single, centrally-managed workflow.

Manage risk across the whole merchant lifecycle

Consolidate with a single vendor to act fast on insights, wherever a merchant is in your process.

Global Onboarding
- View aggregated Compass Score®
- Specify reports, criteria, thresholds
- Optional API-based automation

Application approved

One click to **Monitoring**
